Designer Range

INTRODUCING

THE NEW STANDARD IN GLAZING

Designer Range

WELCOME

The Designer Range brand signifies luxury and ultimate style, giving you confidence all our Designer Range products are designed to offer superior aesthetics, operate smoothly, and are also built to last. As such, the brand is positioned at the high-end of the window and door market, where there is high demand for systems which embrace innovation, luxury and performance.

All Designer Range products come covered by our comprehensive **10-Year Manufacturing Guarantee** – including locks, handles, profiles, laminates, and all other components used in the finished product.

High performance meets stand-out aesthetics with **The Designer Range** : A new premium collection of products aimed at the high-end of the home improvement market. The Designer Range encapsulates superior quality, functionality and style to raise the bar in standards for double and triple glazed solutions.

When it comes to installation, we've got you covered – members of our Registered Installer Scheme have been rigorously trained, assessed and vetted to give you complete peace of mind, and ensure your project is completed to the very highest standards.

We hope this brochure gives you plenty of inspiration for your next home improvement project – and if you'd like any more information, please don't hesitate to give your Registered Installer a call.

Designer Range

SECURITY

Your home and your family are the most precious things in life, so never compromise on security. The Designer Range doors are designed with enhanced security features to keep out even the most determined intruders.

PERFORMANCE

The Designer Range offers you a wide and diverse range of windows and doors that provide structural integrity, weather performance, thermal enhancement and security.

PANORAMIC VIEWS

Our Designer Ranger aluminium bi-folding doors will complement your home with striking panoramic views. The slim aluminium profiles are designed to give you a structurally sound product that will last for many years with minimal maintenance.

GUARANTEE

All our Designer Range aluminium bi-folding doors come covered by our comprehensive **10-Year Manufacturing Guarantee** – including locks, handles, profiles, laminates, and all other components used in the finished product.

THE DESIGNER RANGE CF68
ALUMINIUM BI-FOLDING DOORS

Designer Range

Uncompromising design and performance

It's simple and effortless to fold back a wall of Bi-Fold door leafs and let guests wander freely between your home and garden. Then, if the weather is changeable, the Bi-Fold doors can be partially or fully closed – and opened again – quickly and without fuss.

Truly bespoke Bi-Folding doors

For those who demand the absolute best, our Bi-Folding doors can be designed to fit almost any space, size, or configuration. Industry-leading maximum sizes facilitate the design of Bi-Folding doors up to a very impressive 3m in height, and that is just the start. The flexibility of our design means we can create solutions with a single traffic door.

Truly bespoke Bi-Folding doors

The Designer Range offers a sleek contemporary appearance, smooth functionality and optimal performance in air and weather tightness. This style can be used to replace an existing patio or French door or used to open up entire walls, with 2 to 7 panel combinations creating entrance ways up to 7m across.

A must-have home improvement product

The Designer Range Bi-Folding Door is favoured for its ability to completely open up a room to outside, flooding it with light and creating the sense of increased height and space. Can be configured in left, right and split openings, with a traffic door option available for easy access to outside without having to fully slide open the door.

LIFT & SLIDE
DOOR SYSTEM

Designer Range

LIFT & SLIDE DOORS

If you want to keep at the cutting edge of what is possible in the world of sliding doors, then look no further than The Designer Range Lift and Slide Door

Combining uninterrupted views, flexible design and fantastic aesthetics The Designer Range Lift and Slide Door also has an impressive specification. Despite the slim sightlines, it carries up to 300kg of weight allowing you to span large apertures with fewer panels and reach heights of up to 2700mm. The size of double or triple glazed units does not affect the smooth single finger operation of the opening mechanism, and creates beautiful light open spaces.

The cornerless opening allows you to open up the interior of a property like never before and creating a breathtaking architectural statement.

Customise your Door

The Lift and Slide 130LS is available in the full RAL range of colours with dual colour also available as well as textured finish and a selection of designer handles the doors can truly be customised.

Choose High Performance

Together with high energy performance and stylish customisable looks, our doors make an excellent solution for low-energy contemporary architecture.

THE DESIGNER RANGE
ALUMINIUM LIFT & SLIDE DOORS

Designer Range

SECURITY

A state-of-the-art multi-point locking system combined with an anti-lift design make these sliding doors some of the most secure on the market.

INSULATION

Our exclusively designed polyamide thermal break system and multi-chambered profile enables us to achieve industry-leading thermal performance in all our aluminium windows and doors. Combine this with high performance glazing and our sliding patio doors will help keep your house cosy and warm.

SAFETY

Class one safety glass (that complies with Building Regulations part K) is fitted as standard to all our doors, which means that if it breaks there are no dangerous shards of glass to worry about.

WEATHER PROOFING

A combination of multiple weather gaskets, brush strips and draft resistant interlocks between the door panels all help to keep out cold draughts. What is more, the closed door leaves slide around the frame on both sides for a really tight seal.

NOISE REDUCTION

Clever use of different materials in the frame combine with a range of architectural glazing options to provide some impressive noise reduction figures.

DESIGN OPTIONS

Choose from a comprehensive range of designs using one, two or even three tracks with multiple sliding doors. Our sliding doors come in industry-leading maximum sizes, maximising the glass area and giving you unobstructed views.

LIFT & SLIDE DOOR DESIGNS

Choose from a comprehensive range of designs using one, two or even three tracks with multiple sliding doors. Our sliding doors come in industry-leading maximum sizes, maximising the glass area and giving you unobstructed views.

Open-corner option: 2 sliding units open up a corner

The corner option sliding door allows you to invite nature inside, adding an extra dimension to your living area. Two doors glide apart to open up the whole corner with no fixed post to obstruct your view, which help to create a unique, stylish look and improve the functionality of the room at the same time.
